

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Dr. Carrel has been granted leave of absence by the French government to come to New York to give personal supervision of the work of the temporary hospital. He is assisted in his work by Dr. Adrian V. S. Lambert, of the College of Physicians and Surgeons.

The war demonstration hospital has been organized with the approval and active cooperation of the war and navy departments. In admitting surgeons to follow the demonstrations and cases that are treated, preference will be given to members of the army and navy medical corps.

THE MATHEMATICAL ASSOCIATION OF AMERICA

The second summer meeting of the association will be held by invitation of Western Reserve University and Case School of Applied Science at Cleveland, Ohio, in conjunction with the summer meeting of the American Mathematical Society, beginning with a joint dinner at 6:30 o'clock Wednesday evening, September 5, and a joint session at nine o'clock Thursday morning, September 6, and continuing Thursday and Friday. The meeting of the American Mathematical Society begins Tuesday morning, September 4. The meetings will be held in the lecture room of the Physics Building of Case School of Applied Science.

The program committee consists of C. S. Slichter, Chairman; L. S. Hulburt, and E. J. Wilczynski. The program is as follows:

THURSDAY, 9:00 A.M.

Joint session of the Mathematical Association of America with the American Mathematical Society. Address by Professor L. P. Eisenhart, of Princeton University—"Darboux's contribution to geometry."

10:30 A.M.

"Undergraduate mathematical clubs"—Professor H. E. Hawkes, Columbia University. Discussion, led by Professor R. C. Archibald, Brown University, and Professor D. A. Rothrock, Indiana University.

2:00 P.M.

Presidential Retiring Address: "The significance of mathematics"—Professor E. R. Hedrick, University of Missouri. "Geometry for juniors

and seniors"—Professor E. B. Stouffer, University of Kansas. Discussion, led by Professor Arnold Emch, University of Illinois, and Professor L. W. Dowling, University of Wisconsin.

FRIDAY, 9:30 A.M.

"The treatment of the applications in college courses in mathematics"—Professor L. C. Plant, Michigan Agricultural College. Discussion, led by Professor W. B. Carver, Cornell University, Professor G. H. Ling, University of Saskatchewan.

The committee on arrangements consists of T. M. Focke, Chairman; F. N. Cole, W. D. Cairns, E. V. Huntington, A. D. Pitcher, and D. T. Wilson. Members and visitors are requested to register as early as possible; this will be a distinct aid in helping those in attendance to become acquainted with one another and thus further one of the chief aims of the meetings. Registration will be held in the library of the Physics Building of Case School of Applied Science. It is hoped that, as at the meeting last year in Cambridge, members may wish to bring their wives to share in this sojourn in Cleveland and in the social hours which always accompany the meetings.

Hotel Statler has been selected as the official headquarters for the summer meetings of the American Mathematical Society and the Mathematical Association of America. Luncheon will be served each day, to those attending the meetings, at the Case Club. This building will be at the disposal of members and their friends for the afternoons and evenings during the meetings. The joint dinner of the Association with the American Mathematical Society will be held at the Hotel Statler, Wednesday evening, September 5.

W. D. CAIRNS,
Secretary-Treasurer

OBERLIN, OHIO,
